American Flag Theme is the perfect Desktop Theme for those who love the United States and everything it stands for. The American flag as a whole or the stars in the American flag are the only graphical elements in the theme. The color scheme is based on the color scheme of the United States flag. The Background Flag Pattern of the theme is nothing but the American flag. The screen saver of the theme, the Eagles, takes you back to the American history and to the sportsmanship of the United States. Not to forget the songs used in the theme. Do you see what I mean? You are feeling that country spirit. The American flag theme can be used as a background theme for windows applications or you can use it as a Desktop Theme. This themes comes with a 2.41 inch flag. You can add more to this or remove some. I have been using this background theme for a month now. I am still very happy with this theme. The most interesting thing is the flags, they are in the right size and the right quantity. Once again, I am very thankful to the designer, Adam Webb. I wanted to show this to my friend who is a dentist. The American flag theme is a perfect fit for him. The download files are 4.3 MB in size. This Desktop Theme is compatible with Windows 95, Windows 98, Windows 98 SE, Windows Me, Windows NT4, Windows NT4 SP2, Windows 2000, Windows XP, Windows XP SP1, Windows XP SP2, Windows XP SP3, Windows Vista, and Windows 7. The American Flag Theme - In addition to being breathtakingly beautiful, it also represents the most important, the strongest and the best of all countries. American flags are the national flag of the United States of America and in recent years this is a popular banner with American nationalists. The American Flag combines the idea of freedom with the idea of freedom and strength. Links: www.optik.ro Tutorial: www.jr-plugins.com 3 screensaver icons: Flag Screen Saver background: 1. A patriotic desktop theme with a beautiful and elegant design. Outstanding theme with prominent flags and a great American flag in the background. A dark theme with the American flag appearing in the background. With many colors and textures, the website is very beautiful and modern. Country Flag Wallpapers. American Flag Wallpapers. Canada Flag. Australia Flag. More... Be very careful with the Flamingo Gold Windows Wallpaper. It's not really legal and it's quite misleading. I was not able to find out whether it was illegal but it looks very much like illegal as well. On my computer it gives me a message that no more folders are available and after that I can't shut down the computer or do anything else in Windows. The message does not mention that it will remove the wallpaper. If I choose any of the other wallpapers it has the same effect. It's not a very nice effect and I do not recommend it. If you are interested in this free Flamingo Gold wallpaper you will want to know what Windows is doing it from the registry. Look for the following registry key in HKEY_CURRENT_USER\SOFTWARE\Microsoft\Windows\CurrentVersion\Explorer\WebCache\KeyFilters.
