As I am in hurry to install and play the game and shows the screen on my android devices. I have a website which gives more interesting and pre loaded games. Some of these games are like Free cell,snake,nba,fighting games.there are around 1000 titles of games already installed on the website. As I don't have enough storage on my phone i cannot download those games from my website.I want to download those games and play them. Would you be kind enough to inform me if you can help me? Hope you understand what I am trying to say.
