If you have done it recently, maybe you are thinking, "Wow, I am good" at the keyboard. Because, it sounds so, right! Well, it is not because you do not know how to play an instrument or how to practice. The thing is that, you have to learn to play the solo. Bad solo is like a bad time and is not the thing that you want to happen. The solo is also the last thing that you want to hear, it is the thing that you hate. If you have a bad solo, then there is always the chance that you will have a good time. Unfortunately, because you do not know to play, you will never know for sure. So, what do you have to do to learn to play solo? It is not the act of playing that you have to learn, it is the music that you have to play. Of course, you have to have the knowledge of music, you have to know how to play, and you have to have the time to practice. When you are learning to play solo, you have to make sure that you have a good practice space. Sometimes, you have to have a nice room that is quiet and not too loud. You can make sure that the audio instruments do not have so loud that it will clash and become a distraction. You can make sure that you are never too far from the audio interface or your sound card. Learning to play solo is a great thing to do. There are different types of styles and different kinds of forms that can be found when learning how to play solo. You have to make sure that you practice a lot of different types of solo styles. Of course, you can learn how to play in different styles such as blues and jazz. You have to be sure that you are familiar with the different kinds of approaches. you have to get a sense of what you are comfortable with and you have to be able to find your comfort zone. You have to make sure that you are comfortable playing by ear.
