The cumulative trading volume for 2015 has surpassed a total of 500 million U.S. dollars. Year-to-date volume is already around 325 million U.S. dollars. Once again, Asia is leading the charge with over 225 million dollars exchanged during this period. Orient Express generates the largest volume in terms of contracts traded and second most volume in terms of total trades. As we have begun to quantify the volumes via daily and weekly reporting, we can see that the difference in terms of volume between mturks and orientexpress is minimal. There is clearly a strong

---

# support for the digital currency mturk or mturk US, while the digital currency for orientexpress, orientcore, is in a downtrend 648931e174
