Maazios allows you to create your own virtual community. Creating your own virtual community is the end goal. ... But in order to create your own virtual community... you must first construct it. How is it possible to construct a virtual community? □ Create a single portal (we call this a-side) that can accommodate many people. □ Create a one to many relationship (we call this one-to-many) between the a-side and its consumers. Creating and maintaining a online community is not easy. It is complex and very intensive on the technical side. Part of why it is so complex is because of the fact that you will be dealing with both static/dynamic and internal/external users. This is required for Maazios to function properly. The process of creating, maintaining, and making Maazios all the better is therefore quite complicated. How

Maazios Works: If you're just here for the nuts and bolts... That's OK, we've got you covered. At any given moment, Maazios can be construed as several things to a single consumer... ... or to a single consumer as several things at once. Maazios is not a computer, it is a virtual community. A combination of a WinNT-based PC, broadband connection, and internet software. At any given moment, Maazios can be construed as several things to a single consumer... ... or to a single consumer as several things at once. Maazios users have the option of being a single consumer or multiple consumers at any given time. The technology of Maazios is similar in some ways to P2P technology. Maazios has many similarities to P2P technology in that it uses peer-to-peer technology to function... but at the same time, Maazios implements a WinNT based (NT) platform for its functionality. Why call it Maazios? Maazios is derived from the

Arabic and Greek words for "I Know" and "Easy". easy to use, and also easy to gain knowledge. Maazios aims to be easy on the technical side, and easy on the educational side. It is not just for geeks, it is for everyone. The Team: Maazios was created by Dan and Ruth. From the moment they read about Maazios, they both agreed that it was one
