Rhino 5 for Windows XP.. You can check the Rhino's serial number with this free tool: http:Â .Q: How to disable the "save" button I'm trying to build an app, where I cannot allow the user to see the "save" button on the screen, because I'm building it in an iframe of my own. This is my current code Anybody know how I can disable the "Save" button, and keep it hidden? A: If you have control over the hosting page, look for the Save anchor link. If there's no such link, that suggests the hosting page is in an iframe. Basically, you need to intercept the click at the hosting page, then redirect it so the user doesn't proceed with the form. Just redirect the user to the originating page, and they'll find their form in place. Autoimmune regulator (Aire) expression in human nasal polyps. Autoimmune regulator (Aire), a novel transcription factor, is required for the normal expression of tissue-restricted molecules, including insulin, thyroglobulin, and the tissue-restricted MHC class II genes. Aire mutations are associated with congenital diabetes mellitus and type I autoimmune disease. In recent years, Aire has been increasingly recognized to be a key molecule for the immune tolerance, and is present not only in the thymus but also in several peripheral organs. The aim of this study was to evaluate the immunohistochemical expression of Aire in tissue specimens obtained from human nasal polyps. Thirty-eight specimens of nasal polyps were collected from 19 patients without a clinical history of endocrine disease or rheumatic diseases. Sections were immunostained with anti-Aire antibodies (NOVUS). A
