The game is a mix of first person survival horror and exploration game. The goal of the game is to help a small child named Tim who is trapped in a mysterious island. Without getting spoilers away, it also has beautiful graphics and strange atmosphere. The game is composed of two worlds. The first one is the world of the trapped person and the second one is that of a young boy, Tim who wants to get out of the island and save his sister. As a single player or in a multiplayer mode, you have to explore Tim's world and try to take him or her out of the maze, passing through 10 levels. However, a hack also came out as a real problem. Many people get disappointed with the game because they play it on a 2D map and that's the only interesting part of the game. After the release of the graphics for the OS X and Linux version of the game, many people complained. According to them, there is no texture of
