wer0Â .Altering body
image after sex

reassignment: a population-based study. Few studies have examined changes in body image after sex reassignment (SR), and none in the general population. The aim of this study was to examine

whether pre- and postoperative changes in body image differ between patients who have undergone SR and general population individuals. Our findings show that pre- and postoperative changes in body image

differ between patients who have undergone SR and general population individuals. High satisfaction with own body before sex reassignment (SR) could be a sign of deeper dissatisfaction regarding own body

and an opportunity for SR, even without gender reassignment surgery. Q: Generate a random color to close the gap between the input box and submit button I know how to insert a random color into a text field. I just

don't know how to make the color change when the user clicks the submit button.

Here is my code... `$('#input').click(function() { $('#input').val('#' + ("#" + Math.floor(Math.random()*16777215).toString(16))); }); $('#sub`

```
mit').click(function() {  
  //do something here  
  //change the color of  
  #input }); A: Try this:  
$('input 6d1f23a050
```
