DM Series Manager is a feather-light and simple-to-use software tool that you can use to quickly put together lists with episodes from TV series, rank them by various online torrent services, and export data to file. It comes bundled with a few intuitive options that can be seamlessly figured out. No installation necessary This app is wrapped in a portable package, so there is no setup involved. You can simply drop its files in a custom location on the disk or on a removable storage unit, and just click the.exe to launch DM Series Manager on any PC. Unlike most installers, it doesn't change the Windows registry settings. Clear-cut interface and options The main app window has a clean and intuitive

structure, giving you the possibility to fill a database with records about episodes, such as the episode and season number, subtitle, and rating. Manage database records and torrent websites It's possible to add as many records as you want, edit their properties anytime, and fix their IDs. What's more, DM Series Manager contains a list with predefined torrent websites, where you can pick a name and look up specific torrents on them using an integrated search function. This trigger the default web browser to launch and display results. In addition, you can customize interface colors, save the database with one click, as well as export all information to file with the HTML or CSV format.

Evaluation and conclusion We haven't encountered any stability issues in our

testing, thanks to the fact that the application didn't freeze, crash or prompt error messages. It had minimal impact on the overall performance of the machine, running on low CPU and RAM. Although it features just a few basic options and customization options, DM Series Manager serves its purpose, providing you with a fast and easy method to managing a simple database with TV series.

Can Aotus Strengthen Marriage? Aotus Strengthen Marriage?

When we think of helping a couple strengthen their marriage, we usually think of things like better communication and better sex. Aotus suggests that there is a third way to strengthen a marriage—a spiritual way. Our mental picture of a spiritual marriage is very different from that of a

secular marriage. Spiritual relationships are not just about things we do for each other, or the gifts we give each other. They are about love. The love that is shared through and with God, and that can be shared with others, is what a spiritual marriage is.
